

ASTWOOD

The Astwood multifuel stove has an output of 7Kw and features a large glass door which is kept clean by its powerful airwash. Being DEFRA approved enables wood to be burned within smoke controlled areas and by being multifuel, this allows smokeless fuels to be burned also. The Astwood has an external riddling facility to conveniently clear the ashes from the grate.

It features an adjustable log guard for either wood or smokeless fuels.

Constructed from quality cast iron and steel, the Astwood is finished in matt black paint which is easy to maintain or you can choose from Buttermilk or Cranberry Blush paint finishes as an option.

As with all ACR stoves, it comes with a 10 year warranty.

10 Year Warranty

This 10 year warranty covers all stove castings, it does not include consumable items such as glass and door seals. This full warranty is only honoured when the stove is purchased from one of our recommended retailers. If a stove from any of our brands is purchased from a non recommended dealer only a 12 month warranty will be honoured. Full details on this policy can be found on our warranty page above and full warranty details can be provided by our recommended dealers.
