

## EARLSWOOD LS

The Earlswood LS has all the benefits of the standard Earlswood model but with the addition of a convenient integral log storage area under the stove.

This 5Kw model has a powerful airwash to keep the large glass door clean to offer superb views of the flames. Being DEFRA approved, you can be confident about burning logs in a smoke controlled area. The Earlswood LS is a multifuel stove enabling you to burn logs and smokeless fuels.

An external riddling grate allows the ashes to be riddling conveniently without having to open the firebox door.

The Earlswood LS is supplied with an adjustable log guard for either wood or solid fuel.

Finished in traditional matt black paint, this stove is easy to maintain. A choice of Buttermilk or Cranberry Blush paint finishes are available as an option.

## 10 Year Warranty

This 10 year warranty covers all stove castings, it does not include consumable items such as glass and door seals. This full warranty is only honoured when the stove is purchased from one of our recommended retailers. If a stove from any of our brands is purchased from a non recommended dealer only a 12 month warranty will be honoured. Full details on this policy can be found on our warranty page above and full warranty details can be provided by our recommended dealers.
