

## EARLSWOOD

Using 25 years of stove knowledge, ACR have created the Earlswood specifically for use within the UK market place. ACR have listened to our customers and responded to their needs and created the Earlswood design.

Manufactured from steel and cast iron to give strength and efficient heat transfer back into the room, The Earlswood has full DEFRA approval enabling it to burn wood within smoke controlled zones. Being a multifuel stove, you can also burn a range of smokeless fuels on this stove. For your convenience, an external riddling grate comes as standard.

Fitted with a very powerful airwash, it will ensure that the large glass panel remains clear of soot and tar deposits. With a 5kw output, the Earlswood is ideal for small to medium sized rooms and does not require additional room air requirement.

Finished in a traditional matt black paint for easy maintenance or a choice of Buttermilk or Cranberry Blush paint finishes as an option.

### Earlswood Feature List

DEFRA approved - enabling wood to be burned in smoke controlled zones

5Kw output

No additional room air required

Large glass window with powerful airwash

Multifuel appliance with external riddling grate

Traditional matt black paint finish

### Stove Fuel Choices

Wood

Multifuel

### Stove Flue Choices

Rear flue exit

Top flue exit

### 10 Year Warranty

This 10 year warranty covers all stove castings, it does not include consumable items such as glass and door seals. This full warranty is only honoured when the stove is purchased from one of our recommended retailers. If a stove from any of our brands is purchased from a non recommended dealer only a 12 month warranty will be honoured. Full details on this policy can be found on our warranty page above and full warranty details can be provided by our recommended dealers.
