

NEO 3W

The NEO 3W has been designed to be wall mounted bringing a new dimension to contemporary real fire heating.

With a simple to use single air control and an easy to empty ashpan which slides towards you to enable the lid to be fitted and then lift the ashpan out and carry outside safe in the knowledge the ashes are safely contained and won't blow about in the wind, the NEO has been designed for ease of use.

The large glass door is kept clean by a powerful airwash system to give excellent views of the fire. The NEO 3W also has side glasses to give a more panoramic view of the flames.

The NEO benefits from DEFRA approval allowing you to burn wood in smoke controlled areas but with the optional multifuel grate, you can also burn smokeless fuels allowing you greater choice when it comes to choosing which fuel to burn.

10 Year Warranty

This 10 year warranty covers all stove castings, it does not include consumable items such as glass and door seals. This full warranty is only honoured when the stove is purchased from one of our recommended retailers. If a stove from any of our brands is purchased from a non recommended dealer only a 12 month warranty will be honoured. Full details on this policy can be found on our warranty page above and full warranty details can be provided by our recommended dealers.
