

Stockton 14HB High Output Boiler Stoves

With an impressive 7.0kw heat output, the Stovax Stockton 14HB is the largest boiler stove in the Stockton range. The Stockton 14HB wood burning and multi-fuel boiler stove can also provide up to 14.0 kW of heat to a boiler and is capable of supplying 19 standard sized radiators.

This large firebox boiler stove is designed to accept logs up to 600mm (23 1/2") long and has the potential to produce a considerable heat output.

With a choice of four colours and an optional log tray, the Stockton 14HB boiler stove is available in either a multi-fuel or a wood burning stove.
