

## View 8HB High Output Boiler Stove

---

The Stovax View 8HB is based on Stovax's View 8 wood burning and multi fuel stove, with the added feature of being able to output heat to water.

The View 8HB boiler stove will give 4.9kW heat output to a room, 8.2kW heat output to a boiler and is able to power up to 8 standard sized radiators.

This wood burning and multi-fuel stove has a cast iron door and large glass window to enjoy the burning flames. There is an optional extra of a glass top plate for a more contemporary look, and the plinth has a glass front as standard.

### KEY FACTS

Brand Stovax
